EDITH HALL 6B2

TRIPS _ _ _ _ _ ISSUE
VOLI_NOI-SEPTEMBER 1938

TWO NEW CLUBS

A Camera Club and a Stamp Club have been started at Fuller School. Members of these clubs now have new ways to use their spare time wisely.

LIBRARY PERIODS

Regular library periods for all grades were begun September 9. Books were issued to pupils from the third through the sixth grades. One hundred and fifteen books were circulated that first Friday.

TO HAVE NEW CABINETS

Measurements have been made for museum cabinets in the Science room. As soon as these are done, the Science pupils new collection will be on exhibit.

GOOD BULLETIN BOARD

Grades 4, 5, and 6 made an interesting bulletin board about the Constitution in their Civics classes. Sixth grade pupils memorized the Preamble. The other grades learned the first sentence of the Constitution. Grades 5 and 6 made a program on this work also, but have not given it yet.

GENERAL CHAIRMAN

Fuller School's principal, Mr. C. E. Cooke, was appointed general chairman of the Junior Red Cross drive for our city this year. The drive was held during the week of September 26.

CONTEST

The fourth grade is having a "Be Present" contest. The boys in each room are playing against the girls. The two teams having the most present will be given a party by the two losing teams. Each group has a committee to visit the sick and try to get them to come back as soon as possible. The deadline is December 1.

"MISS MAG'S" PICTURES

Pictures of "Miss Mag", taken by Miss Whitmore, are being sold for the benefit of the library. They are very good pictures indeed. A small one can be bought for ten cents and a larger one for thirty-five. Those wishing to buy a picture of "Miss Mag" should apply to Miss Whitmore in the Fuller School Library.

SPECIAL CLASS

A class of boys selected from grades 4, 5 and 6 of all city schools are now meeting in Fuller School. Mrs. A. R. Wilson is the teacher of this class.

NEW FIREMAN

"Bob" Jones, has just been made a member of the City Fire Department. He was once a Fuller School pupil. In those days he was always the boy who knew how to turn in a fire alarm and jump into "the net" when the firemen visited Fuller School during Fire Prevention Week.

PRACTICE GAMES

Fifth and Sixth grade girls have been practicing volleyball after school. 6B2 plays 5B1 each Monday and Wednesday. Tuesday and Thursday 6B1 plays 5B2. Match games between grades will be started soon.

4th, 5th and 6th grade boys are playing soccer. Soccer match games between grades will also be started in a few days.

FULLER APPRECIATES THIS

Fuller school loaned its copy of the Declaration of Independence to Harvey's Cafeteria this summer. They put it in their window on July 4. When school opened this fall they sent it back. They had had it nicely framed. The school is much pleased with this kind act.

MONTHLY ISSUES THIS YEAR

FULL-O-NEWS will come out eight times this year. This paper tells what Fuller children do. It also prints some of their work.

VACATION READING CLUB

Twenty-one Fuller school children joined the Vacation Reading Club at the Durham Public Library this summer. Mrs. Jordan, Children's Librarian, gave certificates and maps to these children Tuesday Sept. 20. in the school library. These were put on the bulletin boards in Fuller school for a few days.

Three very large ferns have been placed in the hall opposite the front doors. They make a beautiful picture. They belong to Miss Minnie Canady.

FULLER SCHOOL FACULTY

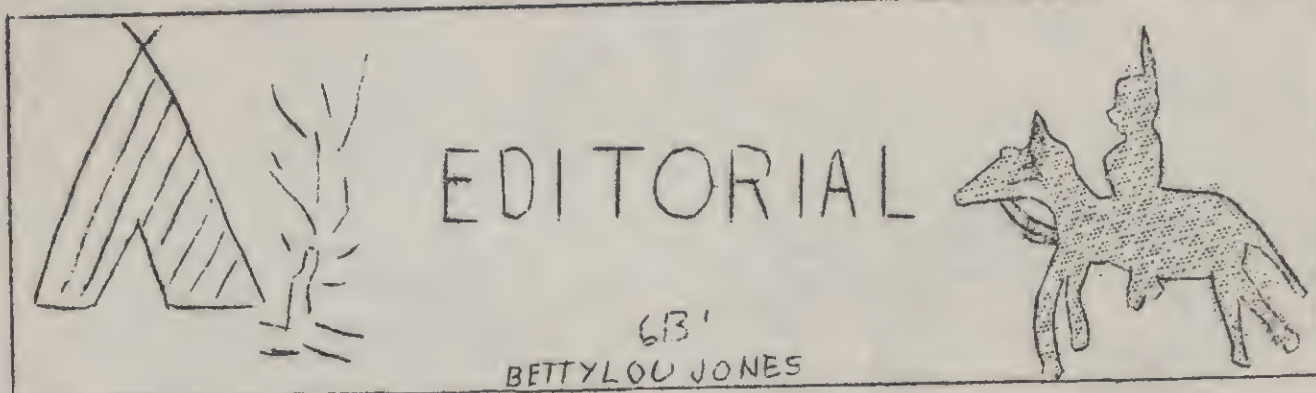

These people are guiding Fuller School children in their school work and play this year. Principal-Mr. C. E. Cooke. Principal Emeritus-Miss Maggie Holloway!

Teachers-

1st grade-Miss Myrtle Albright.
2nd grade-Miss Minnie Cannady
3rd grade-Miss Lois Sweaney
4th grade-Miss Nell Umstead
5th grade-Mrs. M. R. Dunlap
6th grade-Miss Madaline Knight
Art-Miss W. Y. Boyd
History-Civics-Mrs. A. M. Alston
Literature-Miss Sudie Whitmore
Music-Miss Fannie B. Markham
Physical Education-Miss Mary Horny
Science-Miss Lilly Holloway
Special Class-Mrs. A. R. Wilson

PATROLS

The School Patrol had a meeting Oct. 3, 1938. They were given their badges and belts. The captain is Irvin Bobbitt. The First Lieutenant is Lucas Lee. The Second Lieutenant is Billy Freeman. They will march in the Home-Coming Parade when Duke plays Georgia Tech.

BE GOOD

We are happy because everything is so lovely around us in our school. We are happy because we are doing things together. We enjoy our work and play. We are pleased too because we have new clubs which will give us something interesting to do together in our spare time. We are happy, so let us all be good as we can be. Happy children should be good children.

THINGS WE WANT TO REMEMBER

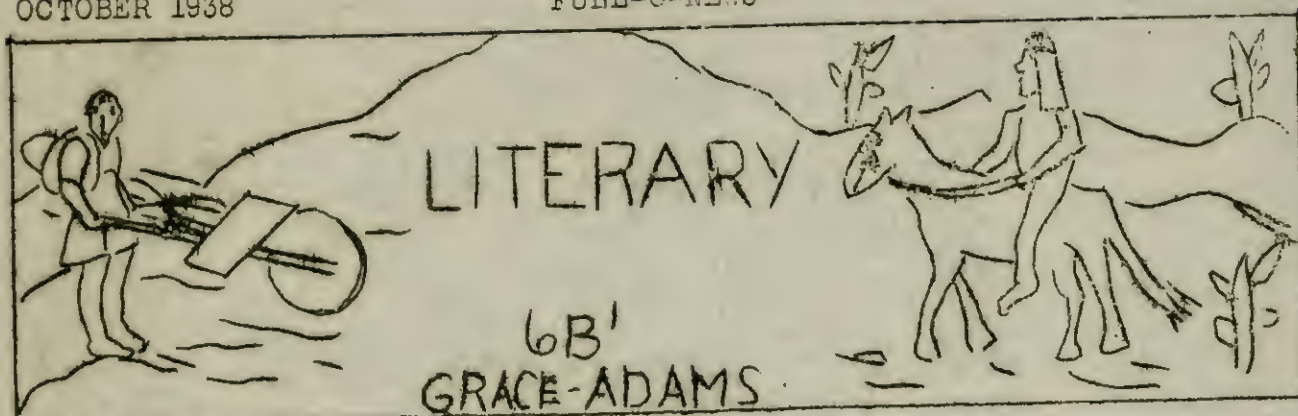

To come to school at 8:30, not before.
To walk quietly in the halls.
To keep to the right when passing.
To try not to block traffic.
To be quiet in the Cafeteria.
To take the best of care of our building.
To be dependable in every way.

THIS YEAR

Try this year just being friendly.
Doing little kindly deeds.
Then we'll have a happy year.
That's what each of us needs.

TAKE A TRIP

In this issue of FULL-O-NEWS the children have told about their summer visits to country, city, mountain, and seashore. Maybe that is why they are so full of life! Trips make us feel better in every way. Trips improve our health, educate us, and inspire us. So, if you are sick, take a trip. If you are bored, go some new place. If nothing interests you, visit a museum or see something beautiful someone else has made. Take a trip!

AT DURHAM'S OPEN AIR CAMP

This summer I went to Open Air Camp. It is a camp for Durham's underweight children. Mr. and Mrs. Olden took care of us at camp. This camp is provided by the Women's Club. It is on the Guess road. We went on hikes and fishing trips. There were 30 boys at the camp. The water got bad so we had to come home. I weighed 69 lbs. when I went to camp. When I left I weighed 74 lbs. I had a very good summer.

Charles Owens-5B1

A GOOD TRIP TO TAKE

When some of my friends went to Washington this summer they saw the original copy of the Constitution of the United States of America. It was in a glass case, which was set out so everyone could see it. This case is in the Library of Congress.

The Constitution was made for about forty million people and thirteen states, but we still use it for our forty-eight states and nearly a hundred and twenty million people.

Jennie Teal-

BARNING TOBACCO

This summer I went to Willow Springs, N. C. for my vacation. I stayed one month. I saw many interesting things while I was there.

The most interesting thing I did was barning tobacco. We barned eleven barns. I surely had a good time and I hope I can go again next summer.

NEW YORK SIGHTS

The Empire State building is so high that you can hardly see the top of it. Broadway is one of the main streets, and is also called "The Great White Way". At night it is all lighted up by giant electric signs. One of the great sights is Radio City Music Hall. This is the largest theatre in the world. Some of the largest stores in the world are located in New York City. Many of them are on Fifth Ave. On the West Side Roadway you will see boats coming and going from all foreign ports. The Statue of Liberty stands in the harbor. Ships come sailing up Lower New York Bay. They come with all sorts of cargo. Sometimes the Normandie is in. Flags from all nations can always be seen.

Chester Fink-6B1

WE VISIT NEW YORK

This summer we went to New York. Soon after we drove into the city, we passed right by the Queen Mary, which was in dock. We were in New York three days and four nights.

One morning we went up on top of the R.C.A. building, which is seventy stories high. We took some pictures from the roof.

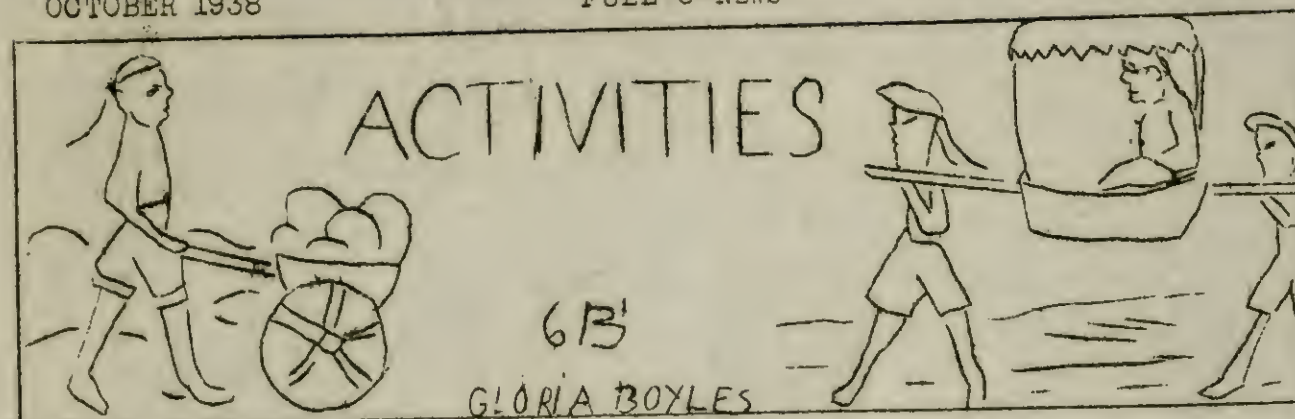

One afternoon we were walking down the street and met two movie stars, Lee Dixon and Myrna Loy.

We also went to the zoo and aquarium, where we saw many animals, birds and fish.

We went to see two plays on Broadway. On the way back we pass by Jack Dempsey's Restaurant and saw him through the window signing peoples' autograph books.

My family and I enjoyed this trip very much.

FIRST P-T.A. MEETING

On Wednesday, Sept. 21, Fuller's first P-T.A. meeting was held. The president, Mrs. Whetstone told our new officers. This year they have started two boxes. One of these boxes is called the "Publicity Box". In this the parents will put clippings from the paper. After it is full they will start a big scrap book. This other box will contain questions from the parents about the meetings and the children. Everyone will try to get a question or clipping for the box. A great thing the P-T. A. is going to do is to beautify the school grounds. After the meeting, refreshments of punch and cakes were served.

PARTY FOR V.R.C.

Miss Whitmore, our Literature teacher gave a party in the library for all the children who joined the Vacation Reading Club and got a certificate or a map. After refreshments had been served we went downstairs to have our pictures taken. A picture was taken of the three Coletta girls too, because they were the only three children from one family getting certificates. Then everyone got a balloon of different shapes. All enjoyed these a while and the party was over. Those at the party were: B. B.

Butler, Wallace Hare, Joyce Stables, Kenneth Anderson, Rosa Lee Butler, Beatrice Coletta, Gerald Beckett, Lydia Coletta, Maxine Bryant, Betsy Cannon Boone, Mary Coletta, Dorothy Hilburn, Tommy Morris, Harrison Scott, Bertha Kaplon, Edith Hall, Gloria Whetstone, Robinson Everett, Merle Southerland, Heloise Fisher and Paul Whetstone.

FIRST GRADE SOCIAL NEWS

There are 54 children in the first grade this year--28 boys and 26 girls. There are six boys by the name of Billy. Each girl has a different name.

Charles Kreiger lives in a house trailer and is always ready to travel.

Billy Zuckerman has just returned from a nice trip to Miami, Florida. He likes to travel, too. He says he has been to Norfolk, Va. once and to New York City twice.

Earl and Gerald Hill are twins, but not identical twins. Earl is the "low Hill" and Gerald the "high Hill".

Dea Francesca is a little Italian girl who is trying to learn English. She understands French, but no English. She was happy to learn the words--"baby, mother, father, little, and big". She likes to tell the other children what they are.

Reported by-
Barbara Matthews
for the 1st grade.

SOCIAL NEWS FROM GRADE TWO

All the boys and girls in the second grade had a safe and happy vacation time and are glad to come back to work.

Mary Nell Boddie visited her aunt in the country this summer. There was an old horse named "May" there. Whenever "May" was hungry she jumped the fence and ran to the house to get something to eat. One day when the door was opened too wide, "May" came on the back porch!

Thomas Mixon went to South Carolina to see his grandmother. He played with "Billy", the goat. "Billy" could pull a wagon. Sometimes Thomas rode him too. One day "Billy" was naughty. He jumped up on the table and knocked the dishes off!

Patsy Yarbrough went to see her Aunt near Washington, D. C. A little pig lives at her aunt's home. This little pig didn't like to "stay home". He liked to travel, because one day he made a hole under his pen and got out! After a long time he was found visiting the horses at the barn! Patsy made a picture of this traveling pig.

Joyce Stables went to Carolina Beach. Such a good time she had riding the waves with her daddy! She gathered shells also and she brought them home with her.

All the children are enjoying their lovely little desks. They like their new books too. They are happy because they are doing things together again.

Reported by Mary N. Boddie

Bobbie Fairey of 5B2 class has come back to school. Bobbie was very sick with sore throat two weeks.

"Miss Mag" has returned to her work in the Cafeteria. She was sick a few days.

FOURTH GRADE ACTIVITIES
by-Pansy Barker

The 4B2 has an enrollment of 35 pupils. The grade is trying hard to keep its attendance up. There is an Attendance Committee that looks after the absentees.

Ten 4B2 pupils are members of the Stamp Club and five of the Camera Club. Joyce Haithcock and Lindsay Ferguson are taking violin lessons under Mr. Pikutis.

The Physical Education Class of 4B2 is having an Attendance Contest. Dolly Rogers and Faith Wilson are the captains. The winning side will be given a treat by the losers at the end of the first period, October 17.

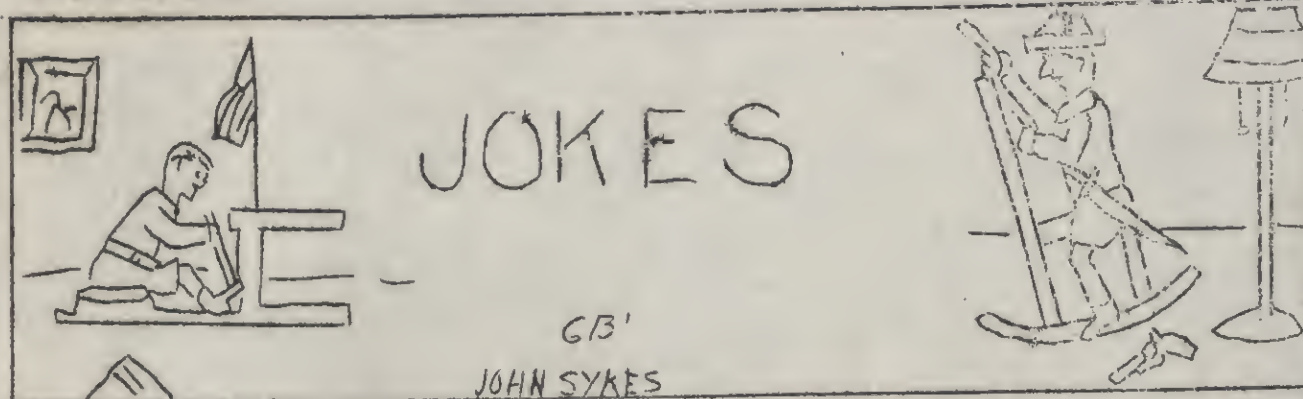

The grade has a good standing on book rent. The pupils are working to be the first 100 per cent grade on book rent.

Once a week one row is responsible for the morning devotional. A committee is asked to work up a short program and all are glad to help.

Bertha Kaplon-Editor

There are 48 states in our U. S. A. and Chester Fink, a new 6B1 pupil, has lived in five of them -- New York, Massachusetts, Connecticut, Delaware, and New Jersey before coming to North Carolina.

Eighty-five Fuller School children who spent vacations in the country report that they enjoyed tending tobacco, riding horses, feeding chickens, milking cows, and durning ducks "out to swim".

**"DROWNED DEAD"**

Shirley Ann laid her dime on the edge of the school lavatory while she washed her hands. She couldn't see it when she finished, so she cried out, "Someone has drowned my dime!"

THE LONGEST DAY!

On the second day of school one little first grader remarked, "This is the longest day I've stayed".

NOT MUCH!

One little girl was asked if she had brought anything to school with her that day. Her reply was, "Just a little bit of lunch."

NEW REFERENCE BOOK

A little girl went to the Library to look up an assignment in the Encyclopedia.

"Miss Whitmore", she said, "Please show me how to find something in Saint Peters Book".

T.P.A. OR PAT?

A little girl rushed up to the art teacher's desk one morning not long ago---

"Oh, Miss Boyd!" said she. "I'm just as happy as I can be!"

My mother came to the P.A.T. meeting yesterday."

GOOD ENGLISH

A small boy came to Miss Lilly's room looking for Thomas, the janitor. "Miss Lilly", said he, "Has Thomas come in here?"

"What did you say?" asked Miss Lilly.

"Have you saw Thomas?" was the reply.

CERTAINLY NOT!

Thomas D--was spitting out of the classroom window, so Miss M--asked,

"Thomas, do you spit out of the window at home?"

Thomas: "No, we have screens.

IMPOSSIBLE

Miss L--to the Second Grade: "Tomorrow we shall laarn some interesting things about air. How many have ever seen air?"

Several children raised their hands, but Mary Nell, locking round in astonishment gasped out, "Gosh! You can't see air!"

EDITOR'S NOTE

The funny stories told on this page really happened in the classrooms of our school.
